

Get "Stoned"?

Join us for a morning, afternoon, or both to create some unique decorations to personalize your garden
 Saturday, Feb. 24, 2007 *Please note rescheduled date!*

Tufastone Morning

10 am to 12:30 pm

\$49.95

Create a **Tufaston Planter** with a we mixture of peat moss, perlite, and Portland cement.

Fashion a **Puddle Rock** of your own design, as a ground level birdbath or a butterfly-stone.

Sculpt a few **garden orbs**, or create a **stone cairn** to add some spirit to your yard.

These are incredibly fun but messy projects. So for either session wear old clothes and bring plastic gloves (dishwashing gloves work well). Pick up your finished projects after they've dried in a few days.

Written in Stone Afternoon

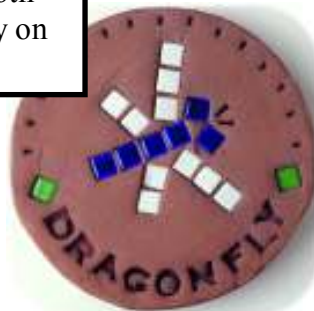

1:00 to 3:30 pm

\$49.95

We'll help you get a Head with a nifty new mold that allows you to attach a **stone face** to any pot. (Talk about having a Bad Hair Day!)

You'll also design your own **Stepping Stone** (we bet you'll be singing that old Monkees song for the rest of the day).

Make as many of your personalized **word stones** as you would like. For example you can make marker stones for herb gardens just create some garden poetry.

FREE
 Stone Soup*
 & sandwiches
 When you sign
 up for both
